5ª A better course, perhaps, would be for the Co-operative Society to acquire the land by darkhast or purchase, and to lease it out to the individual, advancing to him on account money for working expenses, ~~the land being~~ loans. The rent shd be fixed at such amount which covers a certain % of the value of the land plus interest at 5% after the 3d year, & the land may be transferred to the man at the end of the 10th year.

It is quite necessary that Adikarnalakkar who can finish land for cultivation should be supplied with the necessary capital in the early stages.

34 The real difficulty is about security and guarantee for timely repayments of the loans. The land is of no value as it will not vest in the occupants till the conditions of the grants are fulfilled.

Sir, 68 111-27-2

With reference to your letter No.D.8492/C.S.111-27-1 dated the 18th February 1928 calling for proposals for helping Adikarnatakas acquiring lands from Government at concession prices, I have the honour to state as follows:-

Government have been very freely giving lands to poor Adikarnatakas with a view to improve their economic condition by enabling them to become cultivators and thus eke out a subsistence by hard work. It will not be possible for people who get the lands to bring them under proper cultivation without some financial help. Wherever there are 10 to 15 people who have been given lands and are wtihin easy reach of one another, it will be possible to help them with smal loans through Co-operative Societies for meeting the current expenses of cultivation, if sufficient funds are placed at the disposal of the Registrar. But from the list of people that apply for lands and get them through the Revenue Department, it is noticed that they are scattered over a large area and do not admit of any help being rendered through Co-operative Societies. In order to provide such people with the working capital, not only a large amount of money - which may or may not be returned in full - will be required but also a - special agency to see that the capital is utilised for the purpose for which it is given and get into intimate touch with them.

Although I have been appointed Special Officer for the Depressed Classes, I have not been given any special staff for carrying on the work. My present staff of Inspectors are concerned with Co-operative Societies and are doing whatever is possible for the depressed ----

depressed classes through Co-operative Societies. But it would be impossible for them to exercise any control over persons who are not connected with societies. Even for financing depressed class societies the funds at my disposal are very small and as such, I have not been able to render ~~any~~ much help to members by giving them enough money to meet all their expenses for ~~the~~ cultivating the lands etc If this has to be done satisfactorily, I require at the rate of Rs.500 per society - Rs.50000/- for the existing members of Adikarnataka societies. As the members will not be able to bring their lands into proper cultivation in less than 3 to 5 years, the loan will have to be given to them free of interest for this period and made repayable thereafter in 3 to 5 annual instalments according to circumstances. 1)

Regarding the people who cannot be helped through co-operative societies, I would suggest that funds may be placed at the disposal of the Revenue authorities who grant the land so that they may sanction the loans required for cultivation expenses, and recover it in the same manner as the takkavi land loans, as they will be in a better position to come into ~~contact~~ Constant touch with them. 2)

The Village Panchayets, wherever they are constituted, may be used as agencies not only for distributing the loans but also for watching the proper use by the borrowers of the money given to them. In this case also, the loans will have to be free of interest for the first 3 or 4 years and thereafter they have to be recovered in easy instalments of not more than 3 or 4 years. Some relaxation also will have to be made in the case of the security to be taken from the borrowers, in as much as they are all very poor people and therefore cannot give anything as security for the loan except the land given to them by Government. 3)

The amelioration of the depressed Classes is one of the most important items of work inthe rural reconstruction work and as such deserves special consideration at the hands of Government. In carrying out several measures for the improvement of the Depressed Classes, Government will have to be prepared to lose some money, under exceptional circumstances. ~~The~~ In some cases the loans given to members may not be recovered at all in spite of the best efforts. In such cases Government

Government should be prepared to remit the loans and interest.

If these proposals of mine are accepted, I request the Government to place a sum of Rs.50,000/- free of interest for 5 years with me for adequately financing all the Adikarnataka members of Depressed Class Societies who have got lands and a similar amount with the Revenue Commissioner for helping the Depressed Class members who get lands from the Revenue authorities but who cannot be enlisted as members of any Co-operative Society on account of their being scattered over a large area.

I have the honour to be,
Sir,

SIR,

With rererence to your reminder No. C.S. 111-27-12831 of the 21st instant re. the proposals or the Registrar of Co-operative Societies for helping Adikarnatakas acquiring lands from Govt. at concession rates, I am directed to state that the subject was considered at the last meeting of the Rural Development Sub-committee, held on 27th Septr.1928 and the marginally noted resolutions adopted, which will be placed before the next meeting of the Board.

RESOLUTION II. Resolved that Govt. be requested to place a sum of Rs.10,000 at the disposal of the Registrar of Co-operative Societies to enable him to give adequate financial help to members of Adikarnataka co-operative Societies acquiring lands from Govt.,

RESOLUTION III. The members of this Sub-committee do not consider it necessary to place any special funds at the disposal of the Rev. Commissioner earmarked for loans to Adikarnatakas as suggested by the Registrar, as it is understood that there are already sufficient funds for this purpose under the ordinary takkavi rules. They have however no objection to rules regarding security being relaxed.

RESOLUTION.IV.-Resolved that Mr. A.K. Yegna Narayana Iyer and Dr.Kunhi Kannan be requested to go through the scheme drawn up by Mr.C.R. Reddy when he was Inspector General of Education for the amelioration of depressed classes and put up a fresh scheme for the consideration of the Sub-committee.

The opinion of the Board on these resolutions will be communicated in due course.

R e a d.

Letter No. 5150, dated 27th March 1928 from the Registrar of Co-operative Societies in Mysore submitting a scheme for helping Adikarnatakas who acquire lands from Government at concession or upset prices-with working capital.

2. Correspondence ending with letter No. 954 dated the 17th January 1929 from the Secretary, Board of Agriculture, reporting that the marginally noted resolutions were adopted by the Board at their meeting held on the 14th December 1928 and requesting sanction of Government to place a sum of Rs. 10,000 at the disposal of the Registrar of Co-operative Societies for purposes referred to therein.

1) Resolved that Government be requested to place a sum of Rs.10,000 at the disposal of the Registrar of Cooperative Societies to enable him to give adequate financial help to members of Adikarnataka Co-operative Societies acquiring lands from Government.

4) The members of this Board do not consider it necessary to place any special funds at the disposal of the Revenue Commissioner earmarked for loans to Adikarnatakas as suggested by the Registrar, as it is understood, that there are already sufficient funds for this purpose, under the ordinary takavi rules. They have however, no objection to rules regarding security being relaxed.

ORDER NO. D 10292-304.

Dated Bangalore 5-16 March 1929.

Government agree with the proposals of the Agricultural Board and are pleased to direct that a sum of Rs. 10,000 be placed at the disposal of the Registrar of Co-operative Societies for advancing to Adikarnataka Co-operative Societies for the purpose of providing working capi-

capital (~~for Adikarnataka~~ to the) members who acquire lands. Necessary provision for this will be made in the next year's Budget of the Department.

The Registrar is requested to take special care to see that before loans are disbursed to members of such societies personal security of more than one member, wherever possible is insisted on, the village panchayets being consulted also if necessary. Interest at 3% will be levied on such loans the repayment of which may, at the discretion of the Registrar, commence after a period of 3 to 5 years according to the circumstances of each case.

The Registrar is requested to frame a set of draft rules for the grant of such loans and advances and submit them for the approval of Government before the end of the current month.

The scheme will be brought into effect early next official year.

The Revenue Commissioner is requested to consider how far and with what limitations rules regarding security may be relaxed in the case of Adikarnatakas who apply for loans for cultivation purposes under the ordinary takavai Rules. The matter may be treated as urgent and a report submitted very early.
